Upholstery removes for thorough cleaning. *Thera-Glide* is also available in a Decorative Metal version, with or without Side Panels (pictured). Rear wheels for moving the chair are standard.

Wood Armrest Grips

Wood *Thera-Glide* Side-Stabilizer

Ergonomically designed armrest grips and side-stabilizing feet provide additional security during transfers.

Activity Table

Rear Wheels

Optional *Thera-Glide* molded plastic Activity Table slips over arms. Optional Rear Wheels ease moving and cleaning the chair.

A manual lock-out prevents rocking if a stationary chair is preferred.

Ottoman with foot-support remains stationary for safety. Flat-back upholstery option eases cleaning and disinfecting.

Wood Ottoman

Flat-Back Option

Ideal for developmentally supportive feeding in NNICU's, Nursery, & LDRP ... gliding motion can be locked-out completely to help prevent reflux.

# Thera-Glide

A BREAKTHROUGH  
IN ROCKING  
CHAIR SAFETY.

*Thera-Glide* safety gliders are perfect for individuals who can benefit from the soothing therapeutic motion of a gliding chair, but who may be at risk of falling when entering or exiting a conventional rocking chair. Whether in a home, assisted living, nursing facility, or hospital labor and delivery, the *Thera-Glide* is a meaningful addition to your FALL-PREVENTION program.

*Thera-Glide* is a therapeutic safety-glider offering an ingenious locking system that automatically stabilizes the chair and prevents rocking when you sit down or get up. Ergonomically designed armrests feature a palm grip and forward design to aid independent rising from the chair. Side stabilizing feet keep the chair secure even if you change your position or lose your balance. Multi-density, tailored cushions keep you comfortably centered and supported.

The *Thera-Glide* truly offers all the therapeutic benefits of a rocking chair without the risks.

*According to recent clinical studies, regular use of a rocking chair by people losing their autonomy improves balance to reduce falls, enhances cardio-vascular function, reduces muscular pain and helps alleviate anxiety and depression.*

The *Thera-Glide* rocking chair offers unsurpassed comfort and safety in a variety of fabrics and colors to harmonize with your décor. All materials meet or exceed CA Flammability Regulation 117-75, Sec. E.
